Sliding Door Hardware

Premium range of handles
for aluminium sliding doors

Engineered for Performance and Style

At Coastal Group, we manufacture external door and window hardware with one goal: lasting performance.

From luxury coastal homes to busy commercial sites, our sliding door hardware offers the durability, function and style your clients expect.

Crafted from 316 marine-grade stainless steel, it resists corrosion even in harsh environments. With satin stainless, satin brass or matt black finishes, our hardware is trusted across the UK for quality, expertise, and service.

Specifications:

- ✓ 316 stainless steel as standard
- ✓ Premium quality
- ✓ Lifetime guarantee
- ✓ Custom technical adjustments available as a service
- ✓ Many products assembled in UK
- ✓ Great value for money

For lift and slide systems and traditional sliding patio doors, we offer a complete range of handles and components to suit your needs.

Our hardware works with timber, aluminium, and composite door systems – with a variety of sizes and fixing methods.

Available Finishes:

- Satin Stainless Steel
- Matt Black Lacquer
- PVD Stainless Satin Brass

All hardware manufactured from 316 Marine Grade Stainless Steel with a lifetime guarantee.

Finishes, Durability & Technical Support

Our sliding door hardware isn't just about looking good – it's about lasting performance. That's why all our handles are manufactured using 316 marine-grade stainless steel for ultimate protection against rust, pitting, and discolouration.

Finishes:

- Satin Stainless Steel – Timeless, low-maintenance, professional-grade
- Matt Black Lacquer – Powder-coated for a bold, modern look
- PVD Stainless Satin Brass – Muted, golden hue with durable satin sheen

Carbis Bay Hotel - St Ives

Protect the Finish. Prolong the Performance.

The DR121 Mini Cleaning Kit is the perfect aftercare solution for stainless steel and coated sliding door hardware. Add value to every project by including a kit with handover, helping homeowners care for their hardware long after installation.

Benefits:

- Includes cleaner, conditioner, and soft cloth
- Removes dirt, grime, and fingerprints
- Helps prevent corrosion and surface damage
- Simple way to add value to every project
