

COASTAL

Shaping the future.

Classic

Lever Door Handles

Upgrade your door – *effortlessly.*

The new 092 and 095 backplates are the next evolution of our best-selling door furniture.

They're compatible with Coastal's full range of Opera, Regent and Pera lever handles, giving you flexibility in your design.

Both backplates offer a host of performance upgrades and are now supplied in biodegradable eco packaging.

Dual Sprung Spring Cassette

Extended Euro Cylinder Wall

Five Premium Finishes Available

Key Benefits:

- » **Universal fit** – both backplates work with all three handle styles
- » **Same fixings** – easy upgrade from the original 090 and 095
- » **Taller profiles** – for a refined, more contemporary look
- » **Replaceable spring cassette** – smooth and responsive handle action
- » **Extended cylinder wall** – improved protection against water ingress and tampering
- » **Available in five finishes** – Satin Stainless Steel, Polished Stainless Steel, PVD Stainless Satin Brass, PVD Stainless Polished Brass, and Matt Black Lacquer
- » **Designed and built in the UK**

Classic **Backplate**

Offers a taller, clean-edged profile with a modern, architectural look.

Bevelled Backplate

A slim, chamfered-edge design that suits both classic and contemporary doors

Design Your Ideal Handle

Choose Your Lever Handle

Opera

A rounded, bulb-shaped handle with subtle concentric detailing. Classic, comfortable, and ideal for period or transitional doors.

Pera

Minimalist and modern, the Pera handle is defined by its clean arc and soft smooth lines – a quiet showstopper.

Regent

Inspired by the curve of an oar, the Regent handle features wave-like lines that feel as elegant as they look.

Each handle is CNC machined for precision and crafted from 316 marine-grade stainless steel – ideal for harsh environments and coastal locations.

Choose Your Backplate

092 (Bevelled) Backplate

The 092 backplate features a slim, chamfered-edge design that suits both classic and contemporary doors. It includes a built-in spring cassette for smooth handle return and an extended cylinder wall for enhanced security.

095 (Classic) Backplate

The 095 backplate offers a taller, clean-edged profile with a modern, architectural look. Like the 092, it's equipped with a replaceable spring cassette and extended cylinder wall for added protection and performance.
